

# duet

Duet provides vertical lighting to accent pillars and other narrow architectural features on your building. Sure, life has its ups and downs. But when it comes to colorized lighting, nothing beats Duet. Our fully programmable up/down light fixture which is perfect for your poor, neglected vertical features on your building.

Octave RGB LED Light Fixture	DMX-512 Controllable
Chip Type	SMD5050 RGB LED
Power	53 Watts
Beam Angle	40 Degrees x2
Input Voltage	AC100-277V
Lamp Size	14" x 6" x 2.75"
Weight	20 LBS
Carton Size & Weight	24" x 5" x 19.5" - 23 LBS
Finish Color	Black
Waterproof Grade	IP65
Power Factor	>.47@120V >0.19 @277V
Life Span	50,000 Hours
Fixture Material	Aluminum + Glass
Manufacturer's Warranty	5 Years

### Construction & Installation

The Duet fixture is constructed from high grade aircraft aluminum that can weather some of the harshest environments, but it's not made out of the same material from which black box recorders are made. Why don't they just make aircraft out of that material anyway? Squirrel. The glass lenses are just as cool as the fixture body.

### Electrical & Operations

The Duet fixture is universal voltage (120-277V) with a highly reliable RGB driver. It can operate in temperatures -20 degrees Celsius to 40 degrees Celsius with high-efficacy LED chips to maintain overall cool fixture temperatures.

### DMX-Full Scale RGB Practical Applications

Duet is one of today's most dynamic accent LED light fixtures on the market that provides a rainbow-licious palette to make your facility jump off the property.
